Facebook | Twitter | Blog

To add a little more exposure to our already growing website among top searches, I created a Facebook, Twitter and Blog page for **Lewis County Genealogical Society**. To better unstand what these pages can do for us, I'll share a brief explanation.

[Facebook](#) is one of the top social networks today – bringing together people all over the globe with similar interests – such as **Genealogy and Family History Research**. On the Facebook page Lewis County Genealogical Society, there will be news and events for our area and upcoming meeting information. This is completely free for us to post our items.

[Twitter](#) is what everyone seems to be talking about – or rather **"Tweeting"** is the term used. It's a quick message or link to an article that you can broadcast over the website for free.

[Wordpress](#) is among the top blogging websites. All three of these pages together can reach more genealogists out there around the world, searching in our neck of the woods.

Any feedback from members is much appreciated and welcomed.

LCGS LIBRARY ACQUISITION CHAPTERS OF LIFE IN 1915 CHEHALIS

A republished and updated publication by Julie McDonald Zander. This republication of *The Chehalis Bee-Nugget's* historic souvenir edition magazine is a wonderful early history of the Chehalis area. The LCGS has purchased a copy with our book fund.

NATIVE AMERICAN RECORDS – Patty Olsen has Native American Records and will be happy to do look ups. She also has **SKAGIT County Cemetery Books**. Her phone number is 219-6912.

SCOTTISH GENEALOGICAL BOOK COLLECTION will be available for research at the Vernetta Smith Chehalis Timberland Library after High Commander Merlin MacReynold of the Clan Donald North Pacific Region proposed that their books could be helpful to library patrons researching their Scottish ancestors. Library Manager, Corine Aiken states that there will be a press release about the middle of March when the collection arrives. The collection will be on loan for research only in the library and as long as the space is available.

VETERANS BURIAL SITES BEFORE 1997

Searching for the burial location of a veteran? Visit the United States Department of Veterans Affairs at gravelocator.cem.va.gov/j2ee/-servlet/NGL_v1 At this website you may **search for burial locations of veterans** and their family members in VA National Cemeteries, state veterans cemeteries, various other military and Department of Interior cemeteries, and for veterans buried in private cemeteries when the grave is marked with a government grave marker. The Nationwide Gravesite Locator includes burial records from many sources. These sources provide varied data. Information on veterans buried in private cemeteries was collected for the purpose of furnishing government grave markers, and the United States of Veteran Affairs does not have information available for burials prior to 1997. (From the Shelby County Historical Society, Alabama Quarterly June 2009).
