Search the Washington USGenWeb Archives Project

Have you noticed there is a handy search page for the USGenWeb Project? The link is found in the middle of their website:

www.usgwtombstones.org/washington/lewis.htm, or you can simply go to the following link: www.usgwarchives.net/search/search.cgi/searchwa.htm. I will be adding this link to our Lewis County Genealogical Society's website.

USGenWeb Project has stored all the transcriptions that have been submitted to date for this project. One of the most valuable resources within the search criteria is ability to select records by Counties or all of Washington State—feel free to try this time-saving tool the next time you **search all transcriptions, including the Tombstone Project.**

Google Newspapers

I have to admit my 17 year old son casually stumbled onto Google Newspapers, here's the link: <http://news.google.com/newspapers>. The **News Archive Partner Program** provides a way to make unique and historically valuable newspaper archives available to readers online – they offer a large selection of different area newspapers, which cover a **wide range of time periods**. Scanning down the list of publications, we discovered **The Chehalis Bee-Nugget** (Lewis County Local Newspaper, no longer in print). We selected an early edition from July 3, 1931. Browsing through this newspaper was easy, and fun to do – and it's fascinating to read all the interesting tidbits from our history our yesteryear!

Transcript Tuesday

In honor of Earth Day this year, I'm happy to announce a weekly challenge, where I will be **recycling our newsletter articles** from the archived issues [1993 to Current]. In other words, I will find an article (or two) each Tuesday and post it on our blog – linked to our website. Please visit our online genealogical blog at <http://lcfgenealogy.wordpress.com/> and so titled: **Newsletter Transcripts of Lewis County Genealogical Society | Washington State**. ~~ Teresa Jordan

Membership NEWS!!!

Membership in the **Washington State Genealogical Society** has increased to 263 individual or family memberships due to a new program providing for Affiliated Memberships. This type allows the members to join at a reduced rate of \$10 (instead of \$12) and the local society to keep (\$2). If they send in 10 or more at once, the society receives a free membership. To date for 2011 we have:
 Eastern Washington Genealogical Society - 32 affiliated members (\$64 + \$12 = \$76) | Lower Columbia Genealogical Society - 2 affiliated members (\$4) | Yakima Valley Genealogical Society - 42 affiliated members (\$84 + \$12 = \$96) | Whatcom Genealogical Society— 24 affiliated members (\$24 + \$12 = \$36)

What a win/win situation-WSGS gains new members, the individual receives reduced dues and the benefits of the WSGS Newsletter and discounts, and the local society earns money. For more information on this program see the details on our website at

<http://www.rootsweb.ancestry.com/~wasgs/affiliatedmembership.pdf> and if you have questions please contact me: Alma Greenwood, 360-943-4290 or alma_greenwood@msn.com.
